

OIL & CARE

EVERYTHING YOU NEED TO KEEP GOING

You own an ARGO because you like to explore places others can't. Having a well-maintained machine is the key in making sure you not only reach those places, but also get back. Checkout our lineup of premium care products to keep your ARGO as happy as you are riding it.

ARGO LUBRICANT KITS Argo lubrication kits are your machine's best friend. Take care of your machine and it will continue to take you places you never thought you could get to.

Kit includes: (1) oil filter, (2) bottles of SAE 5W-40 Full Synthetic Oil, (1) bottle of SAE 75W-90 Gear Oil, (1) aerosol can of Chain Lube and (1) bottle of Premium Fuel Treatment

KOH SERIES ENGINES
900-0066

Application:
2021: 750 Models
2020: 700 Models
2019: 700, 750, 800 Models
2018: All Models
2017: All Models

BRI SERIES ENGINES
900-0070

Application:
2022: 650, 700 Models
2021: 600, 650, 700 Models
2020: 600, 650, 850, 950 Models
2019: 600, 650 Models

KAW SERIES ENGINES
900-0388

Application:
2022: 800 Models
2021: 800 Models

ARGO CHAIN LUBE
1L (34 oz.) BOTTLE
130-100

Specially formulated for use in Argo reservoir chain lubricant applications. Minimizes chain wear and stretch under heavy load while protecting from rust and corrosion. High tack formula won't sling off under heavy use. For use on all drive chains.

ARGO CHAIN LUBE
0.35L (12 oz.) AEROSOL CAN
130-101

Water and sling resistant PTFE formula for extreme off-road conditions in a convenient aerosol can. For use on all drive chains.

ARGO CONCENTRATE
ANTIFREEZE 3.78L (1 gal.) JUG
130-109

When properly mixed concentrated Propylene Glycol antifreeze and coolant provides antifreeze protection to -37 C (-35 F) and boiling point protection to 125 C (257 F). Must add water per directions.

ARGO SAE 5W-40 FULL SYNTHETIC OIL
1L (33.8 oz.) BOTTLE
 130-103

Premium, all-season engine oil formulated to protect off-road engines under extreme operating conditions. Multi-weight high zinc, high phosphorous formula provides exceptional protection, as well as easy starting in cold temperatures. Meets API SN rating.

ARGO SAE 75W-90 GEAR OIL
1.2 L (40.5 oz.) JUG
 130-104

Full synthetic high performance gear lubricant exceeds API GL-5 specifications. Excellent shear stability and oxidation resistance over a broad temperature range. For use in all transmissions and axle assemblies in Conquest Pro models.

ARGO MULTI-PURPOSE GREASE
400g (14 oz.) TUBE
 130-105

Formulated as a general purpose grease for use in Argo vehicles. NLGI #2 lithium complex grease contains additives engineered to provide exceptional lubricity, excellent high temperature performance and resistance to water intrusion. Use for greasing wheel bearings.

ARGO DOT 5 BRAKE FLUID
0.35L (12 oz.) BOTTLE
 130-106

Silicon based hydrophobic formula resists water and protects from -55 C (-67 F) to 55 C (131 F). Compatible for DOT 5 applications. NOT compatible with DOT 3 or DOT 4. For use with hydraulic brake systems.

ARGO DOT 4 BRAKE FLUID
0.35L (12 oz.) BOTTLE
 130-108

For all DOT 4 brake fluid applications. Compatible with other DOT 3 and DOT 4 glycol based brake fluids. NOT compatible with DOT 5 brake fluid. For use specifically with Hayes APS hydraulic brake systems. Model year 2019 and newer.

ARGO PREMIUM FUEL TREATMENT
0.35 L (12 oz.) BOTTLE
 130-107

Argo Fuel Treatment stabilizes fuel and prevents fuel gumming. Helps prevent hard starting. 1 oz treats 18.9 L (5 gallons.) Recommended if your unit goes unused for longer periods of time.

ARGO CLEANER-DEGREASER
0.70L (24 oz.) BOTTLE
 130-102

Heavy duty cleaner quickly removes dirt, grime and grease from surfaces. Rinses easily. Spray on and rinse off with water. For heavily soiled areas use a brush or sponge to loosen soil. Biodegradable and contains no VOCs. For use on plastic body.

SMART BATTERY CHARGING KIT
 900-0472-001

Designed for 6-volt and 12-volt lead acid automotive, marine, and deep cycle batteries, including flooded, gel, AGM, and maintenance free, plus lithiumion batteries. An integrated thermal sensor detects the ambient temperature and avoids under-charging in cold weather down to -20 C (-4F) and avoids over charging in hot weather up to 40 C (104 F).

XTV DASH MOUNT (NOT INCLUDED IN KIT)
 900-0461

ALLIGATOR CLIPS (INCLUDED IN KIT)
 900-0462

FUSE (INCLUDED IN KIT)
 900-0463
