

XU 850

THE WAY TO WORK

PRO SERIES

XU 850

Sometimes, getting to your jobsite is the job before the job. That's why the ARGO XU 850 side by side is the perfect way to work. With room for 3 riders or 6 riders on the XU 850 Crew unit, a 1000-lb cargo box and 12.5" inches of ground clearance, you can get to the gravel pit, the off-road utility site or that busted barbed-wire fence at the far end of your acreage with no problem. The engine is ridiculously quiet, putting out 48-lb-ft of torque like a whisper. The suspension offers less bounce and increased control, with or without a load. And with a 2,000-lb towing capacity and 4,500-lb winch, there's not much you can't tackle.

Heavy-Duty Windshield

4,500 Lb Winch

Commercial Grade Seats

Rear Cargo Headache Rack

Beacon Light Kit

Easy Access 1/4 Doors

25" Industrial Tires

EPS with Adjustable Steering Wheel

Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. Never overload your ARGO vehicle. Always remain seated while in your ARGO vehicle. ARGO vehicles can be hazardous to operate. Improper use can cause severe injury or death. Riders must wear an approved helmet, eye protection, protective clothing. Use handholds and stay completely inside the vehicle. Each rider must read and understand the operator's manual before riding. Follow all instructions and warnings. Avoid abrupt maneuvers, paved surfaces, hard acceleration when turning, and side hilling; slow down before entering a turn. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Never operate on public roads. ARGO vehicles are designated for off-highway use only — collisions with cars and trucks can occur. Never drive or ride under the influence of alcohol or drugs. Do not shoot from or lean firearms or bows against ARGO vehicles. ARGO recommends that all riders take an approved ATV or UTV training course. For safety or training information in the U.S., call the ATV Safety Institute at (800)887-2887. In Canada, please contact the Canada Safety Council at (613)739-1535 or see your dealer. Along with concerned conservationists everywhere, ARGO urges you to respect public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when riding. All materials and specifications are subject to change without notice. All specifications, claims and information contained within are based on current knowledge and readily available as printed material as of October 1, 2025.
