

# Product Safety Recall PSRA 2024-01

## Recall Details

Recall Date	2024-08-29
Last Updated	2024-09-06
Notification Type	Safety Mfr
System	Steering
Issued by	ARGO
Manufacturer Recall Number	PSRA 2024-01
Units Affected	92 (USA and Canada)
Category	A.T.V.

### Recall Details

**Issue:**

On certain ATVs, the right-front steering knuckle may not have been manufactured properly. As a result, the knuckle could crack and/or break and cause a sudden loss of steering control.

**Safety Risk:**

A loss of steering control could create the risk of a crash.

**Corrective Actions:**

To reduce the safety risk, ARGO advises not to use your ATV until the recall repairs are completed. ARGO will notify owners by mail and advise you to take your ATV to a dealership to inspect and, if necessary, replace the right-front steering knuckle.
