## KNOW NO BOUNDARIES.

It's not what you say, it's what you do. At ARGO, we have been retooling our entire company for the last few years to build on a strong 50-year foundation. Every day we Know No Boundaries — a collective mindset that motivates everyone at ARGO to dream big and explore what's next. Our common goal is to create a future-forward, innovative and unique brand that gets you excited. This year we are accelerating our brand momentum right out of the gate with the introduction of ARGO Sherp. Buckle up, it's going to be a helluva year. **ARGO Sherp SERIES** 

## WE ONLY WRITE NONFICTION.

This exciting story is true — and really big. It's hard to ignore. ARGO, the worldwide leader for amphibious Extreme Terrain Vehicles (XTVs), is pleased to announce it has partnered with SHERP® to expand its current offering of commercial amphibious XTVs to include the all-new ARGO Sherp line of Utility Task Vehicles (UTVs). The new 2021 Commercial Series lineup is fully loaded with off-the-grid capabilities and technology to go where others can't.

## DOESN'T TAKE NO FOR AN ANSWER.

These are lean, mean, go-anywhere driving machines. The ARGO Sherp Pro Series UTVs are extremely lightweight to power you through the most extreme environments and the nastiest weather conditions. This contributes to increased cross-country capability and ease of equipment transportation between point A and point Be confident of going way the heck out there. This commercial warrior can't fly to your job site, but it can safely go as the crow flies, saving you valuable time and resources. Yes!

### GO ANYWHERE CAPABILITIES

- Conquers Any Surface
- Fully Amphibious
- Plows Through Mud
- Moves Easily Over Snow
- Climbs Out of the Water onto Ice
- Sails Smooth on Sand
- Cruises Through Swamps
- Overcomes Fallen Trees
- Dominates Boulders

## CAPABILITIES

SOME VEHICLES ARE SHOWN WITH ADDITIONAL ACCESSORIES 7

ARGO Sherp SERIES

## VERSATILITY IS ITS SUPERPOWER.

The range of commercial applications is as remarkable as the performance of this off-road superhero. No matter if you talk to mining crew chiefs or chief executive officers, the powerful advantages of the ARGO Sherp Pro Series are quite consistent. This amphibious asset can get your personnel to hard-to-reach destinations much quicker, safer and easier. Plus, it minimizes your environmental footprint due to its ultra-low-pressure tires. There's only one tiny disadvantage — the conversation about who gets to drive.

### COMMERCIAL APPLICATIONS

Utilities/Powerlines

- Oil & Gas
- Search & Rescue
- Drilling & Pipeline
- Mining & Exploration
- Government
- Forestry
- Humanitarian
- Construction
- Recreation
- Thrill Seekers
- Custom Solutions

## COMMERCIAL APPLICATIONS

## ENGINEERING EXCITEMENT WAS A HAPPY BYPRODUCT.

Hearing someone's first reaction to an ARGO Sherp never gets old. Yes, we build excitement as well as design superior functionality. These rubber monsters will catch your eye, but what these tires can achieve is jaw dropping. It takes less than 30 seconds to reach the operating tire pressure using exhaust gas. Even more impressive? You're able to change tire pressure on the move, properly adapting them to various types of surfaces for the most efficient travel mode. Inflated or halfway deflated, you'll be frickin' elated when you reach those so-called impassable places on your GPS.

# Adjustable Tire Pressure Right from the Cab, Using the Engine Exhaust Gases

### WHEEL CANISTER FUEL TANKS

Special canister fuel tanks embedded in each wheel can significantly increase self-sustainability and drastically increase cruising range while keeping the internal space free for storing supplies, tools and equipment. Total additional diesel fuel capacity for the ARGO Sherp Pro XT is 61.2 gallons (232 L).

### TUBELESS ULTRA-LOW-PRESSURE TIRES

The reliability, strength and durability of our patented suspension system (including tires and wheels that are lightweight and elastic), creates a high level of adhesion to the ground. The tires are self-inflating for optimum traction in snow, water, sand, mud or on hard surfaces. The full inflation cycle takes 30 seconds to reach full pressure.

## DESIGNED TO OUTSMART MOTHER NATURE.

Tough terrain and unbearable weather conditions can wreak havoc getting the job done on time. The ARGO Sherp Series uses purposeful industrial design and innovative technology to make your life more predictable in the middle of nowhere. Maintenance or repairs can be performed directly from the passenger compartment, keeping personnel sheltered from harsh external elements. Extreme comfort will exceed expectations no matter where you sit inside. Every inch of these gentle giants have been tested to provide unmatched reliability and peace of mind.

### SAFETY IS OUR HIGHEST PRIORITY.

Each model is built with a Certified ISO 3471 Roll-Over Protection Structure (ROPS) to safeguard the vehicle from heavy damage and to avoid injuries.

## THERE'S ABSOLUTELY NO ROOM FOR IFS, ANDS OR BUTS OUT HERE.

Every inch counts when huge boulders, steep ridges, fallen trees and deep ravines try to block your path. ARGO Sherp Series is your go-to partner for challenging environments, especially the one you grind in every day. Our hydraulic skid steering system make turning easier and maneuvering effortless to turn no matter what terrain is out your window. With a low center of gravity, you'll be confident your team can safely move wherever the next opportunity exists. Now let's get to work.

Doosan<sup>®</sup> Diesel Engines Are Powerful, Reliable and Fuel Efficient with Low Noise and Vibration

Hydraulic Skid Steering System Provides Superior Maneuverability

Unlike Hydraulic Motors and Belt Drives, Using Gears and Oil Bath Chains Provide Superior Reliability Under Extreme Conditions

## LIVES UP TO THE VISUAL HYPE.

Bigger. Bolder. Beastier. These three powerful statements set the course for our team when designing the ARGO Sherp Pro XT. It gives you more technology, improved innovative features and, of course, an overall larger vehicle to enhance your total experience. Inch by inch, you'll see nothing was overlooked. The high-quality craftsmanship is second to none, inside and out. And if you're lucky enough to drive the ARGO Sherp Pro XT, you might never get out of the redesigned driver's seat — comfort is king. **SHERP** 

## ARGO Sherp PRO XT KEY FEATURES

• Eco-Friendly Doosan D18 Diesel Engine

- Pneumocirculating Suspension
- Smooth Hydraulic Skid Steering
- 71" Tubeless Ultra-Low-Pressure Tires
- Wheel Canister Fuel Tanks
- Enclosed Oil Chain Lubrication Bath
- Back-up Camera with Alarm
- LED Hi/Lo Beam Headlights
- Loading Capacity 2,645 lbs.
- Three-Point Safety Seat Belts
- Up to 9 Passengers with Optional Seats

## MOVING MOUNTAINS CAN NOW BE A REALITY.

Pulling off extraordinary challenges takes grit, guts and sheer power. It also requires highly-motivated personnel, the right equipment and critical supplies. The ARGO Sherp Ark can move just about anything or anyone to accomplish the most extreme jobs or missions. The three-axis multi-powered articulated steering allows it to overcome multi-level obstacles. The intuitive steering controls handle the front section of the ARGO Sherp Ark to rise and twist, so it can easily gain traction to climb. It's time to load up and see what you can accomplish.

## ARGO SHERP ARK XTX & XTZ KEY FEATURES

• Eco-friendly Doosan D24 Diesel Engine

- Pneumocirculating Suspension
- Multi-power Articulated Steering
- 63" Tubeless Ultra-Low-Pressure Tires
- Wheel Canister Fuel Tanks
- Enclosed Oil Chain Lubrication Bath
- LED Hi/Lo Beam Headlights
- Digital Inclinometer for Critical Tilt Angles
- Ark XTX Loading Capacity 7500 lbs.
- Ark XTZ Loading Capacity of up to 22 People
- Back-up Camera with Alarm
- Three-Point Safety Seat Belts

### ARGO SHERP ARK XTZ

The enclosed personnel mover is designed to carry groups of people through extreme conditions. Up to 22 passengers. (4 in front and 18 in the rear)

## ARGO SHERP ARK XTX

The open universal platform is ideal when you need to transport heavy cargo or equipment to challenging jobsites.

## A RESCUE MISSION IS YOUR MISSION.

People in the line of duty have a higher calling. Bravery runs in their veins to make sure tragedy is avoided. When powerful elements like fire, floods or deep snow stand in their way, they partner with another everyday hero — the Aurora Responder XTV. Pure power and performance match its ability to provide rugged stability for the injured on its built-in stretcher mount. The Aurora Responder is ready for any emergency and built to come back safely.

## AURORA RESPONDER KEY FEATURES

- 850 Series (33HP EFI) V-Twin Engine
- Admiral Transmission with Triple Differential
- ARGO Progressive Steering (APS)
- 25" XT117 Tires
- 9" AirLock™ Steel Rims
- Stretcher Mount
- Front and Rear Flat Floor with Rubber Mats
- Dual Hi/Lo Projector Beam Headlights
- Heat-Reflective Firewall
- Premium Multi-Function Gauge
- Premium HDPE Body Plastics
- Available with ROPS

## THE DIFFERENCE BETWEEN CAN AND CAN'T.

When you have a critical job that needs to get done, you can't call your boss and say, "We can't get there." That's inexcusable. The new Conquest Utility XTVs give you the can-do confidence as soon as you fire up the new 800 V-Twin EFI Liquid Cooled or 950 V-Twin EFI Fan Cooled Engine. Pack in your heavy-duty equipment, because the multipurpose Admiral transmission provides an ideal combination of smooth steering and constant all-wheel traction. Plus, with our new 25" XT119 tires and 9" AirLock™ steel rims, unexpected wet and muddy obstacles are the fun part of your job.

## CONQUEST PRO KEY FEATURES

- 800 Series (30HP EFI L/C) or 950 Series (40HP EFI F/C) V-Twin Engine
- Admiral Transmission
- 25" XT119 Tires
- 9" AirLock™ Steel Rims
- Auto Chain Lubrication
- Front Flat Floor
- Dual Hi/Lo Projector Beam Headlights
- Dash with Multi-Functional Gauge
- Oil-Filled Axles
- Commercial Brushguard with 4,500 lbs. Winch
- Premium HDPE Body Plastics
- 50 AMP Max Output Alternator

#### CONQUEST PRO 800/950 XT

FUEL SYSTEM	EFI
CYLINDER	2
COOLING SYSTEM	LIQUID COOLED   FAN COOLED
HORSEPOWER - MAX	30 HP (23 kW)   40 HP (30 kW)
VOLTAGE	12 V
ALTERNATOR CAPACITY	60 AMP
STARTING	ELECTRIC
BATTERY TYPE - MAIN	LEAD ACID
TRANSMISSION	ADMIRAL - CVT
DRIVE BELT	HEAVY DUTY
FINAL DRIVE	CHAINS
AUTO CHAIN LUBE	STANDARD
STEERING	HANDLEBAR
PAYLOAD - LAND	1203 LBS (546 KG)
PAYLOAD - WATER	503 LBS (228 KG)
PEOPLE CAPACITY	2
CLIMB/DESCEND GRADE - MA	X 30 DEGREES
SIDEHILL GRADE - MAX	30 DEGREES
OVERALL LENGTH	125" (3175 MM)
OVERALL WIDTH	65" (1651 MM)
OVERALL HEIGHT	49" (1245 MM)
GROUND CLEARANCE	9" (229 MM)
TOWING CAPACITY	2000 LBS (907 KG)
DRY WEIGHT 173	5 LBS (787 KG)   1785 LBS (810 KG)
FUEL CAPACITY - MAIN	9.5 GAL (36 L)
SPEED - MAX LAND	17 MPH (27 KM/H)
SPEED - WATER	3 MPH (5 KM/H)
SUSPENSION LOW-PRE	SSURE TIRES WITH AIRLOCK WHEELS
BRAKES	HYDRAULIC
PARKING BRAKE	HANDBRAKE
TIRES	TUBELESS, EXTRA-LOW PRESSURE
TIRE SIZE	25 X 12-9 ARGO XT 119
WHEELS	STEEL AIRLOCK
ROPS (CERTIFICATION)	N/A   STANDARD
REAR MESH	N/A   STANDARD
ROOF	N/A   STANDARD
FRONT SEATS	BENCH - SEATING FOR 2
GAUGE	MULTIFUNCTIONAL DIGITAL
HEATER	OPTIONAL
HEADLIGHTS	PROJECTOR - HI/LO BEAM
BUMPERS - FRONT	OPTIONAL   STANDARD
FRONT RACK	OPTIONAL
FULL LENGTH SKID PLATE	STANDARD
нітсн	STANDARD
WINCH	4500 LBS

### CONQUEST PRO SERIES SPECS

ARGOxtv.COM

Some vehicle applications shown are for demonstration purposes, originating from third parties and not available from ARGO. In all cases vehicle load limits have been considered. Always remain seated while in the ARGO. UTVs and XTVs can be hazardous to operate. Improper use can cause severe injury or death. Riders must wear an approved helmet, and eye protection, protective clothing when operating XTVs and when operating in water always wear a personal floatation device. Use handholds and stay completely inside the vehicle. Each rider must read and understand the operator's manual before riding. Follow all instructions and warnings. Avoid abrupt manueurs, paved surfaces, hard acceleration when turning, and side hilling; slow down before entering a turn. Never engage in stunt driving. Avoid excessive speeds and be particularly careful on difficult terrain. Never operate on public roads. UTVs and XTVs are designated for off-highway vehicle access only — collisions with cars and trucks can occur. Never drive or ride under the influence of alcohol or drugs. Do not shoot from or lean firearms or bows against the UTV or XTV. ARGO recommends that all riders take training course. When equipped with tracks, Conquest Series models are not fully amphibious; however, water crossing is possible with a fording depth of 26" (660 mm). Along with concerned conservationists everywhere, ARGO urges you to respect public and private lands. Ride only on designated areas or trails. Preserve your future riding opportunities by showing respect for the environment, local laws and the rights of others when riding. All pacefications, claims and information contained within are based on current knowledge and readily available as printed material
